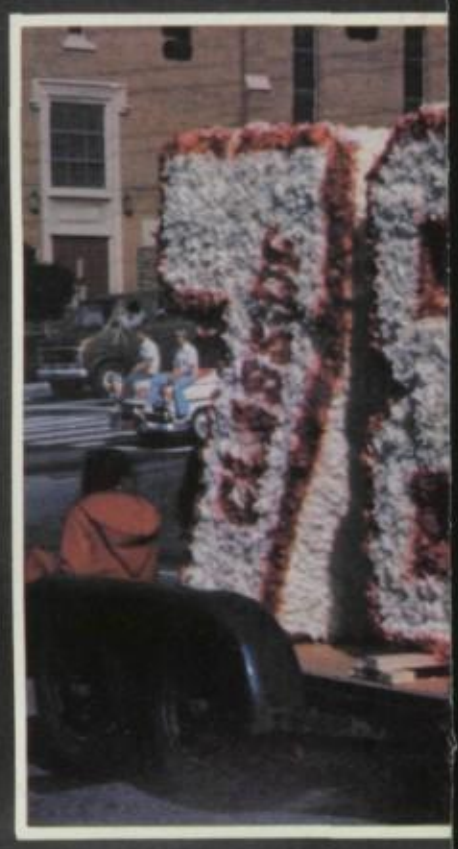
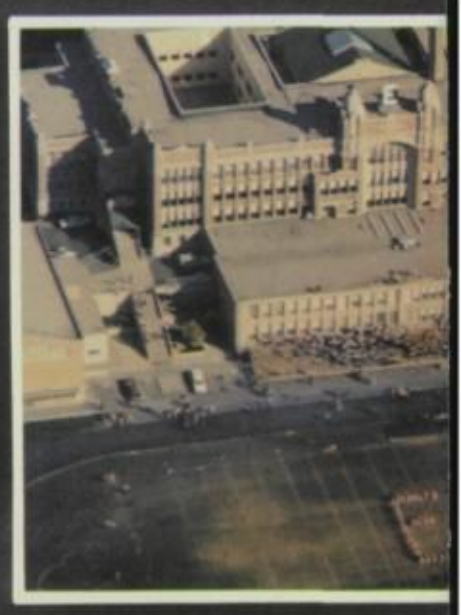
At first there was the constant awareness

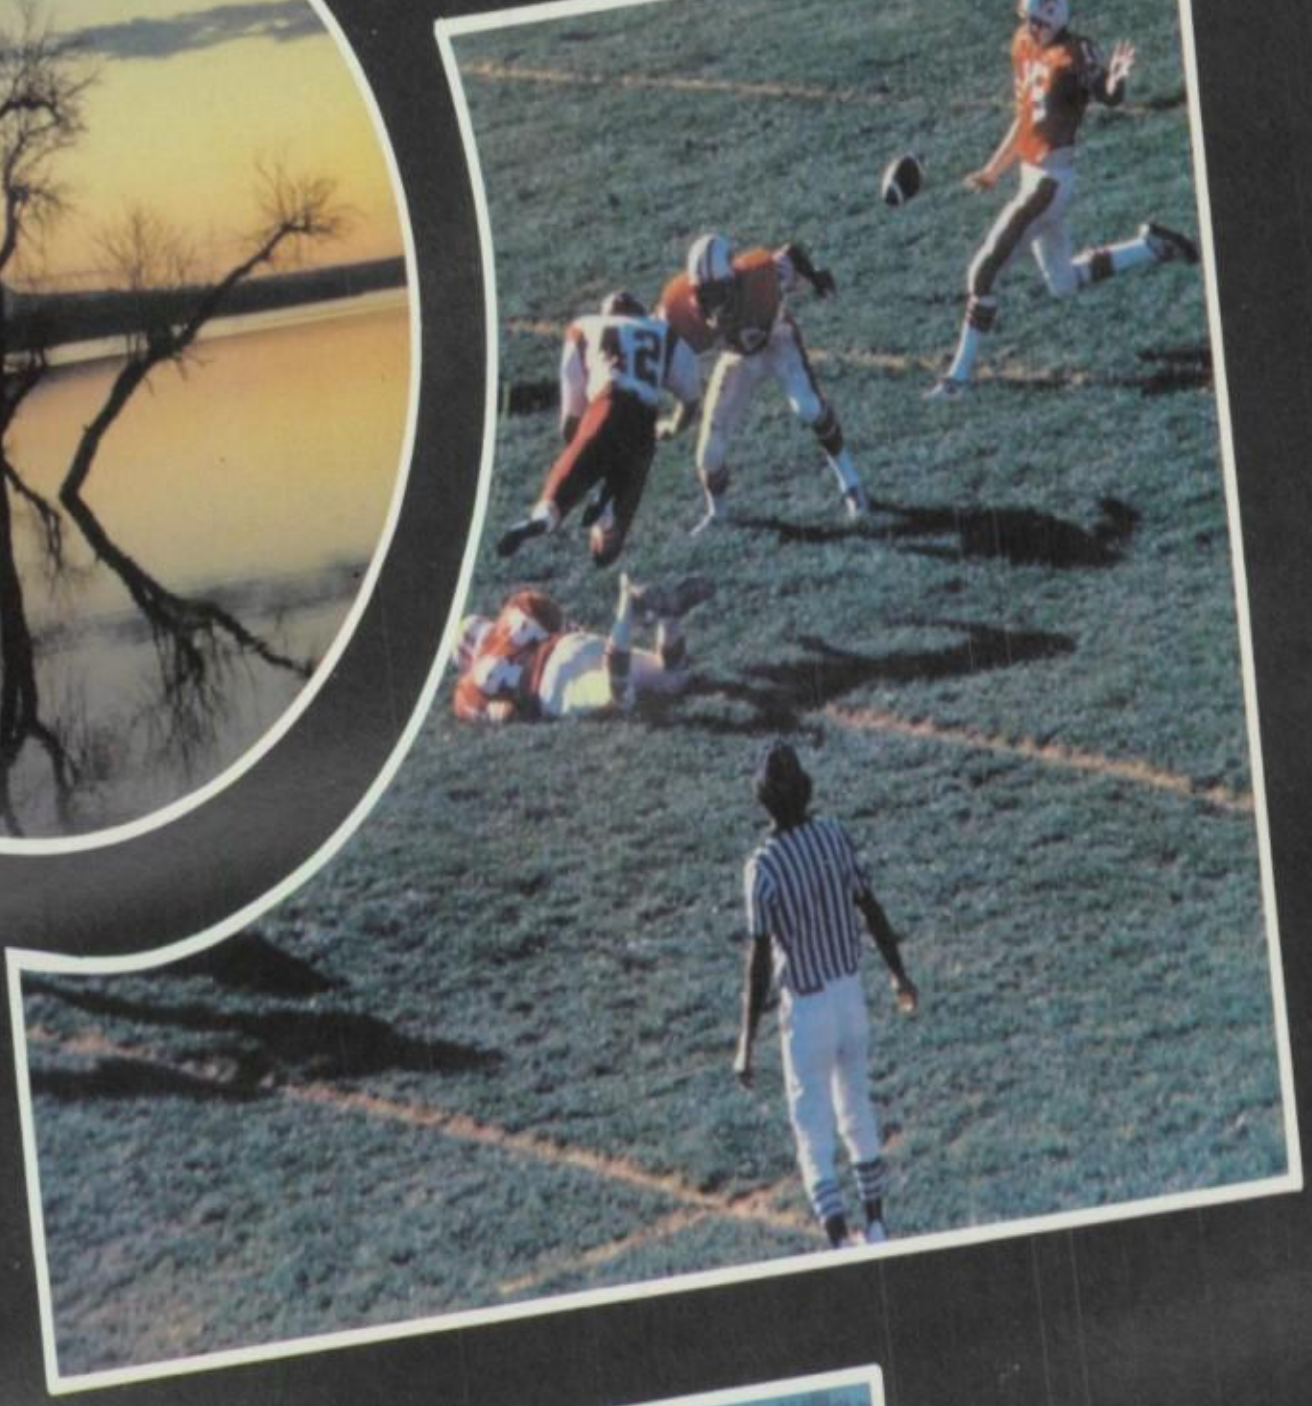
of shaping our words,

our ways,

our lives . . . to impress.







But then, as we

open our senses,

these became

so free, so natural,

so "us"

And we arrived at our . . .

. . . lasting impressions.

Mike,
You're such a
cute freshman!
Take CARE!
Love Ya!
Julie

East High School
'78 — Our Impressions

Mike
You are a very
big Jerk.

student government

Board of Control

14 personalities so unique

it was almost

surprising,

definitely exciting,

to see the unity

they produced.

They knew who they represented,

so they let

our

ideas take shape, conducting

our

energy constructively —

into school spirit!

A unified East was something new and

exciting, worth working for —

together.

Front row: Mike Christensen, Julie Cook, Carl Brockbank, Paul Schmutz, Jan Griffiths, Fred Barth, Linda Gasser, Becky Romney, Bud Brown. Back row: Jim Ashworth, Jennifer Wilcox, Willie West, Peggi Ince, Steve Bennett.

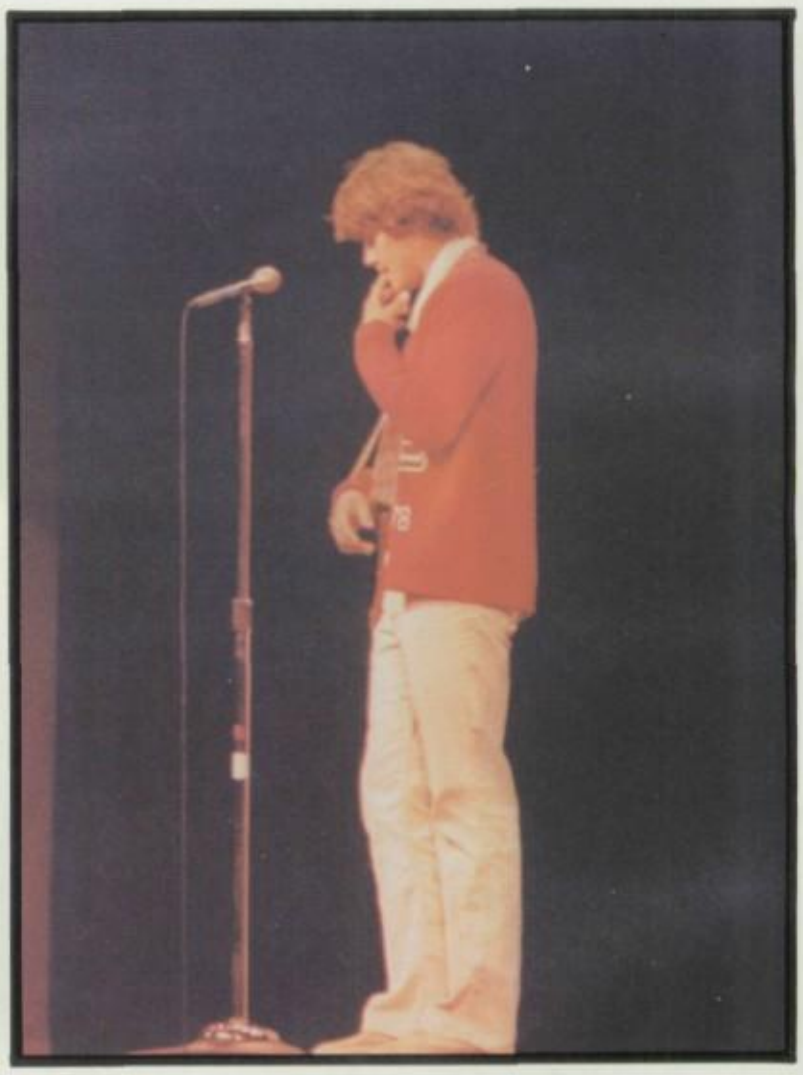
SAE President

Bud Brown SAE Presdient

easy-going . . . confident . . .charmer

One might wonder what it was that compelled an entire student body to rise together in applause for one of their peers. Was it obligation? Habit? Or was it a feeling of loyalty they shared, a common desire to support one they knew was pulling 100% for East.

Brown looked good to us from the beginning. His spontaneous smile and original wit provided the assurance that he was one of us. Bud was very believable, very human. He expected nothing of East but its best, realizing that "best" was not perfect. Buddy responded well to East's needs and was able to stimulate in us enough concern to fulfill them. Bud was "basically" a natural for the job. He was expected to perform, but his job was not done out of obligation . . . Buddy loves East!



SAE Officers

Fred Barth — SAE Vice President

"excellent" . . . eyebrow . . . "sheeuute!"

Our (good looking) vice brought with him enough consideration to listen to *our* point of view, yet supplied enough confidence to get the job done right. Fred's positive influence was penetrating, never over-powering. Having Freddie as our friend made the East side that much more worthwhile.

Jan Griffiths — SAE Secretary

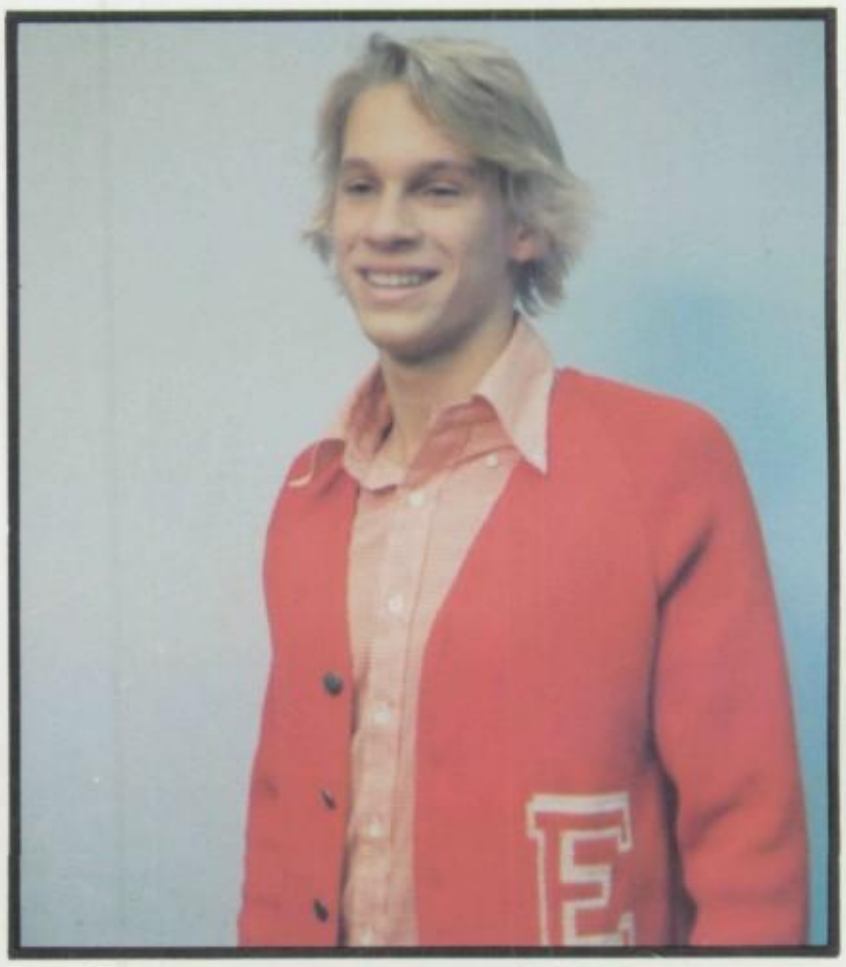
lungs . . . devoted . . . enthusiastic

Jan's undying loyalty for East explained away even her frequent, unrepressable outbursts of, "Come on, you guys, CHEER!" Her friendly concern for the well-being of the SAE proved Jan was a leopard, through and through! Jan not only tried hard — she did.

Linda Gasser — SAE Historian

Stork . . . Momma Gas . . . smile

Encouraged by Linda's gorgeous smile and creative enthusiasm, there was at least one board member who was always happy! Linda's voice was always heard at East, and usually listened to — it was reassuring to know she was on our side! The Gasser spirit left its mark in '78.



Steve Bennett — SAE Business Manager

sauve . . . Bené . . . twinkle toes

Steve's "radical" ideas were at first startling — then refreshingly different. He expressed himself with conviction, not stubbornness. This easy-gog, experienced leader knew the effectiveness of delegation, and took advantage of it, creating from "his" job, "our" product.

EHAG

Becky Romney
President

These enthusiastic, talented women were willing to try everything — and did. And whether it was due to sheer proficiency or simple hit and miss, they excelled in much. Building on the pre-established advantage of "ladies first," East's Babes also managed to get the last word in. Due to moments of social desperation, however, that last word was usually "yes!"

Becky Hales
First Vice President

Sandie Maggio
Second Vice President

Katy Dougan
Third Vice President

Michelle Coles
Fourth Vice President

Front row: Annina Pruess, Becky Hales, Sandie Maggio, Marilee Matsen, Becky Romney, Teresa Hollenbeck, Barbara Bradley, Michelle Coles, Katy Dougan.
Back row: Holly Muir, Claire Shepherd, Kay Cameron, Lisa Babcock, Patty Harris, Leslie Smith, Cathy Siegel, Charron Williams, Julie Wolfe, Lori Peterson, Tracy Card, Jane Pack, Shelly Gardner, Laurie Gibson.

A.B. of E.

After what was a traumatically insecure period of their lives, East's men finally realized that they could get to the top only by throwing their weight around. Headed by Fat Ash, the valiant attempts of the heavier half of East to establish themselves as the superior sex were admired by all — you've gotta give them credit for trying!

Jim Ashworth
President

Jonathan Winters
First Vice President

Rich Gremillion
Second Vice President

Steve Giddings
Third Vice President

Steve Earl
Fourth Vice President

Seated: Robert Clark, James Ashworth, Jonathan Winters. Standing: Bradford Ashworth, William Darger, Richard Hanks, Darren Jacobsen.

Mikey-baby!!

WELL, WHAT DO YOU KNOW - YOU SEXY THING, YOU!! (I LOVE YOUR BELLY-BUTTON) I KNOW WE'LL SEE EACH OTHER ALOT AT PARTIES AND THE PARK THIS SUMMER - SO BETWEEN TIMES TAKE CARE AND DON'T GO TOO CRAZY.

Love,
Terri ☆

Principal

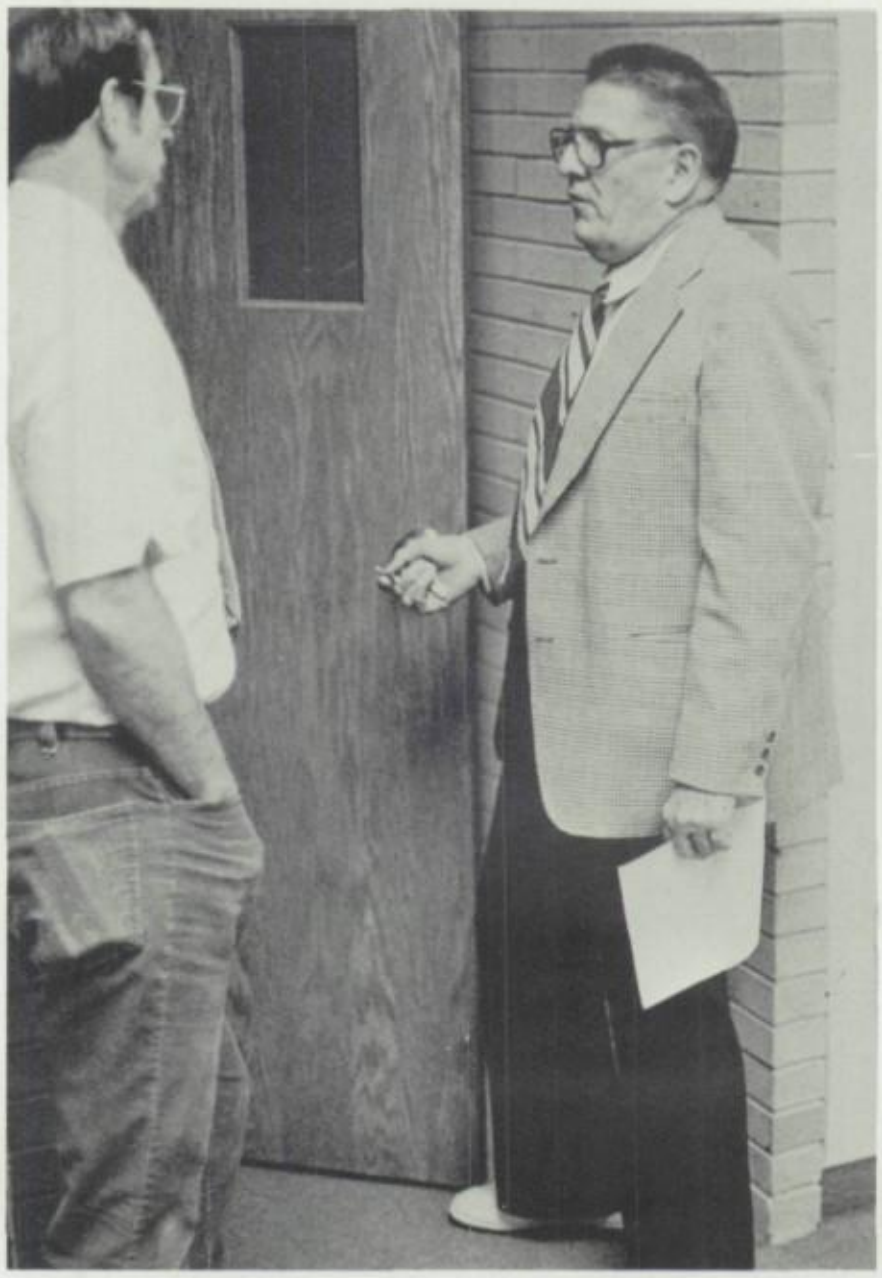
Dr. Robert DeVries Principal

Diligence and devotion are the key words to describe Dr. DeVries as he guides East with his special warmth and sincerity. He is a friend to everyone and has the ability to make his schedule flexible enough to include administration, faculty, and students.

He takes the time to search out the winner and to pat the loser on the back. He administrates with care and pride to make East really work! His presence is one of reassurance, calmness, and friendliness as he works to make East an important part of the community.

Dr. DeVries is our man!!

Vice Principals



Mr. Larry Palmer — Vice Principal

Our involved and caring Mr. Palmer is a real asset to East. His concern for us leads him to do the unusual and the usual to help make East the greatest. When help is needed by students, they seem to always seek Mr. Palmer. He has the skill and ability to be a favorite of all.

Mike-
Wow! Have a great time this summer. We need to have another waterskiing party during the summer. What would I do without one. Such..well oh well
Ann Howell

Mr. Vadal Peterson — Vice Principal

Mr. Peterson takes the time to make East a major concern of his. He seems to touch the pulse of East with his morning announcements. He has the special knowledge to make things work at East and always has insight into a better way. Yet he takes time to be a friend to everyone.

Varsity Cheerleaders

Our eight smiling, shouting, jumping cheerleaders invested enough energy in East to get rich on. By putting pazazz, personality, and coordination into cheers and pep rallies, the spirit-solicitors were able to psyche teams, enthusi-ize fans, and make the Pep Club yell even *louder!* Unmistakably Leopards, the cheerleaders put their pride for East into action — lots of it.

Pep Club

'78 was a big year for Pep Club. They were big in number and in spirit. Each Pep Clubber sacrificed a part of herself for East. In times of cheering, laughing, decorating, and marching, the Pep Club proved that enthusiasm was contagious as it spilled on all of us. They led us all to cheer!

Football

Ours was the team that was determined to do better and did. The season started with promise and East was psyched. And as the scores started slipping, our spirit kept surprisingly high. As the season ended, so did Martin's coaching career. After twenty-three years as head football coach, Martin retired to make way for new, refreshing starts.

Fighting to the top three in region seemed more than just a dream when our Leopard hoopsters began the season. Traveling to the state playoffs was an almost forgotten East High event, but the thrills and excitement of victory rejuvenated the awaiting fans.

Well, here it is: an entire year of impression wrapped up in this convenient little package — for you, because this year belongs to you — you made it. It is all your laughter, your anticipation, success, discouragement, your assembly, your physiology test, your . . . your life for nine fleeting months. We tried to freeze a slice of your life so you could store it, and then sometime remember. Because impressions like these are worth remembering!

East High School National Forensic League Chapter

Every Saturday morning from November 15 to April 15, except Thanksgiving and Christmas weekends, East High School's mighty debate squad leaves at 6:30a.m. to tell the world, — "Resolved: That the federal government should guarantee comprehensive medical care for all citizens in the United States." On most of these weekends, the competitive speech squad combines with the debaters to practice their skill in Original Oratory, Extemporaneous speech, Impromptu speaking, and legislative forum. Together, these forces have amassed the largest N.F.L. Chapter in the United States, have won N.F.L. District Tournaments three years in a row to break the past record, and have managed a Superior Rating in our State Tournaments. Besides active speech competition, the chapter strives to teach all students on whatever level the importance of educational development, civic development, social development and ethical development.

N.W.S.L.

The National Water Soccer League was an imaginative group of athletes who were recognized, city-wide, as the originators of a new sport. These aqua-lovers were definitely water logged, but it was debatable as to whether this was due to the swimming, or the large quantities of Mac's consummed weekly . . .

Row one: Mark Bateman, Harvey Murphy, Gib Shelton. Row two: Joel Garza, Greg Wathen, Richard Driscoll, Terry McCann, LeRoy Larsen, Ralph Mason. Row three: Jeff Vest, Clark Walker, Joel Rowley, Dean Waters, Mark Maxfield. Row four: Glenn Hillam, Bill Kirton. Photographer: David Roos.

Deer Hunting Club

Hubbard Hoods

Reviving the custom of neighborhood gangs, the Hubbard Hoods took it upon themselves to prove that to find the champion touch-football team, one need look no further. They strived to improve their game and their skills along with it. They played numerous games against other East students in the surrounding area, unmercifully beating them all. Any challengers?

Silly Boys

The Silly Boys engaged themselves in the very worthwhile task of integrating humor into an otherwise potentially depressing, academic atmosphere.

This exhausting sport of the mind was played by the more intellectual few who dwelled among us. It was with intense concentration and skill that our chess champs checked their mates!

Front circle: Mark Reeve, Vernon King, Steve Loh, Dave Parsons. Standing: Mike Kralik, Todd Elder, Keith Varley, Harry Merrill, Mr. Kendall, Dave Wynn, William Hoving, Doug McFarlane, Mark Hartman, David Wodtke.

Magic Club

These tricky masters of the mind combined their efforts in perfecting magical methods. They might have seemed a bit destructive — swallowing fire, sawing lovely young ladies in half, and making perfectly good rabbits disappear. But, it was all an illusion . . . we think!

Jeep Club

These aggressive, fun-loving, four-wheelers left their tracks — and picked up mud — wherever they went.

Handball Club

These handball players found great emotional release in pitting their prowess against small rubber balls, and social satisfaction in four-walled rooms without any windows.

Slam Dunkers

This group of young giants took it upon themselves to create a championship ball team for '78. Their hard work, love for the game, and split height made them all potential stars.

First Impressions

Where did summer vacation go? Already the end of summer found us practicing football, rounding up seniors, orienting Freshmen, and marching early in the morning.

Enthusiasm
Excitement
Anticipation

We were trying to let go of summer, but yet were not quite ready to grasp the academic year. It would be so different. Freshmen were not alone in the change. Old Juniors, finding the average height at the first stomp to be at least a foot shorter than usual; quickly, eagerly realized their role as Seniors.

Free popsicles and a new "designer" cafeteria gave superb first impressions to the newcomers at East. Study halls were survived . . . by most, and we were determined to make a most impressive year! Knowing, yet not really believing, it would be behind us much too soon.

1977-78 East was bound to have a year of lasting impressions.

Homecoming

Homecoming Week saw:
A world record set,
Movies watched,
Costumes stomped in,
"Feds" porked down,
The mouse discovered,
A Bar-B-Qed colt,
Floats paraded,
A team supported,
and class, lots of class.

New traditions started, old ones revived-it was the ideal week for anyone who "dared to be different."

Together we caught a glimpse of the greatness of East, and we knew it would take more than a burnt float to prove East was anything but the BEST!

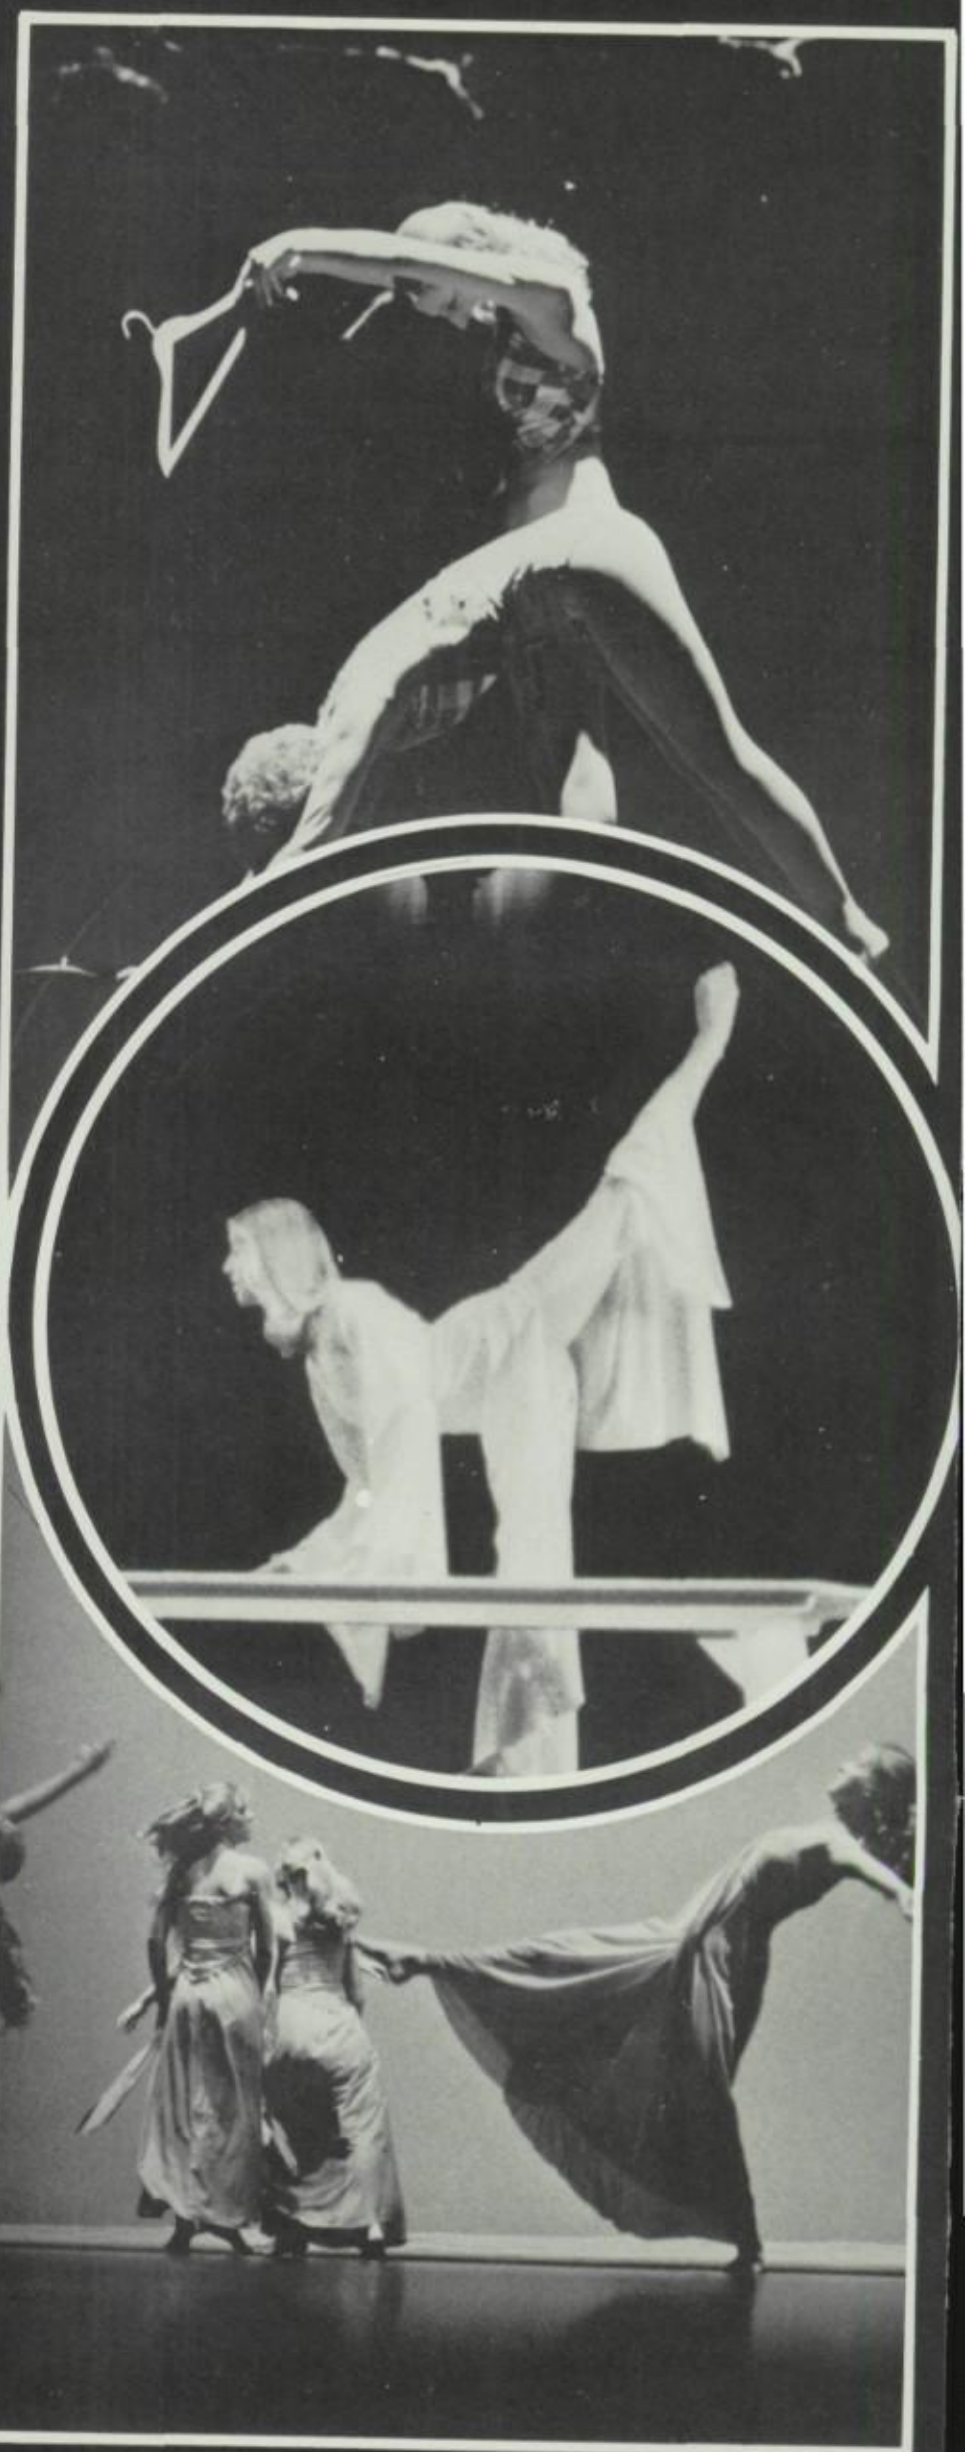
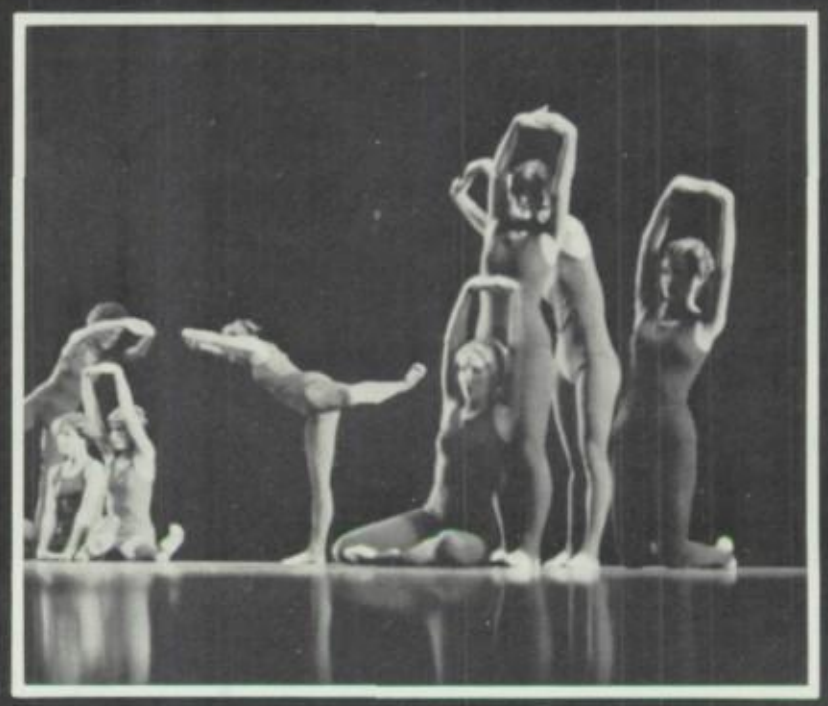
Fall Activities

It's hard to leave something gloriously golden behind, and, East-siders did not exactly crowd through the doors in early September, but when the brilliant summer softened into autumn, they were ready for a change. As tans faded and leaves came alive with color, the pigskin was pumped up, class leaders were kissed into office, minds and pencils were reluctantly sharpened, the school sprang out of her hibernation. East was awake again, and as she gathered momentum, it grew more and more clear that 1977-78 would be a year of great impressions.

Dance Concert





Boys' Week

The males at East enjoyed the week of November 7-11. T'was the time of real manhood as the boys held the reigns. Remember the beard growing, the Fat Men against the Senior Debs in Basketball, the Freshmen combating the girls at football, and seeking for that special girl for the dance. Nothing could equal the Fat Men of East as they had their week.

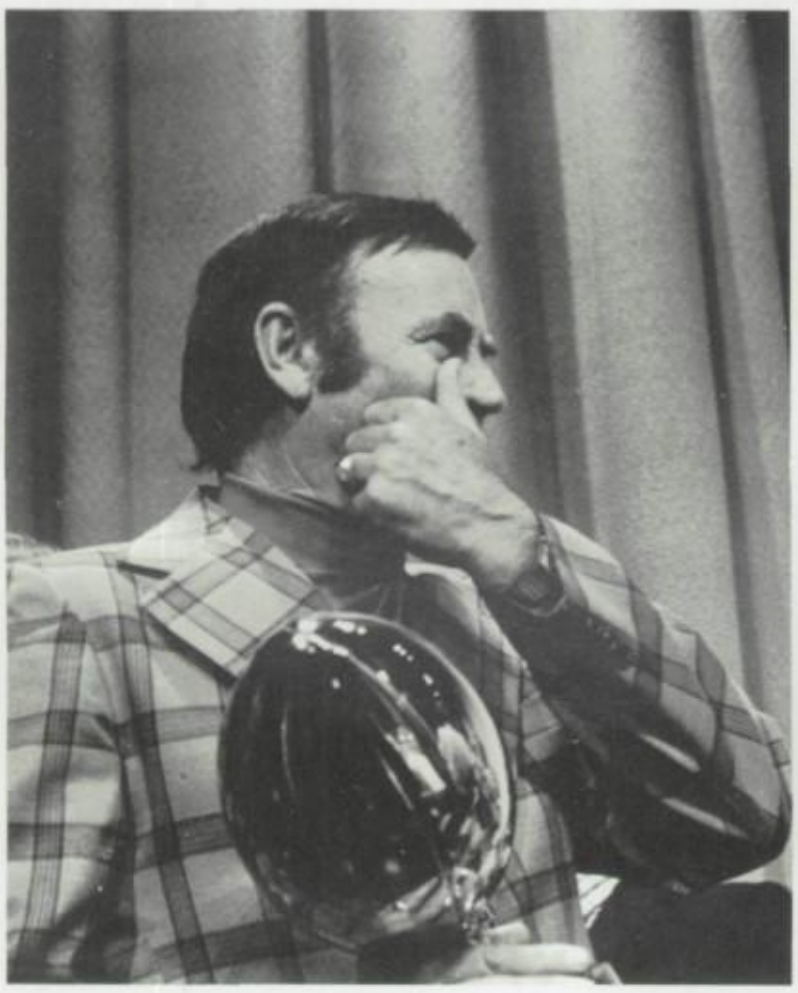
Winter Activities

Snow tires and ski reports weren't the only changes winter brought to East. The new season started basketballs bouncing, swimmers splashing, Madrigals singing, wrestlers pinning, and debaters rebutting. The seniors patiently tolerated each class's attempt to be tops for a week, while good grades and scholarships were hoped for. The school musical kept the fine arts departments wrapped up, and with everything else that was going on the "2nd semester slump" didn't get half the chance! School spirit really



SENIORS

Christmas Musicale

Hours of rehearsal, years of training, self-discipline and cooperation combined as musicians primed their instruments, young soloists made their debut, and talent was generously displayed in the musicale. The Christmas season certainly would not have been the same without this annual production, and the performance, taped live, was far from disappointing. The A'cappella and orchestra upheld a tradition, their only tradition — that of excellence!

Senior Week

They say love is cheap, but Valentines, two for a nickel were really a buy! In fact, Senior Week was filled with bargains. A free dinner and special showing of Smoot's home movies kicked it off for the upperclassmen, and a great flick drew the crowds later in the week. Once again, we went leisure with the leopards, and lucky couples had a blast boogieing between the books at the elegant Senior Prom. But the event of the colossal week that touched the most students was viewing "Fat" haunt East's auditorium for the last time. This week gave East the reassuring proof that the Class of '78 was high class.

Spring Activities

When things started sprouting outside, Eciders felt the need to spread out, too, and somehow, the sun became more appealing in the sky than in a science book. But the threatening arrival of report cards caused the dawning of beach combers and marking count-down calenders to suffice. While the soccer and basketball teams warmed up on slightly soggy fields, culture, with the help of Shakespeare, East's creative writers and the drama department, shed its light on East. Although our marching gals were fast becoming the "old" Pep Club, they showed up at the marching competition with some of the fastest head flips in town. Spring called for a change and East, amid tears, workouts, reliefs, anticipation, tryouts, and elections, eagerly participated with experienced enthusiasm.

Junior Week

When for one week the Seniors took a break, the Juniors marched right in to prove that the class of '79 was nothing to sneeze at. Junior Week brought out the versatility of students; red and white lovers switched to green day, and the get-ups on incognito day baffled the sharpest eye. Sweetrolls and a movie kept the rest of the student body entertained while the Class of '79 partied and pulled off a splendid assembly, and the general opinion was that the elegant Junior Prom was — Capital!

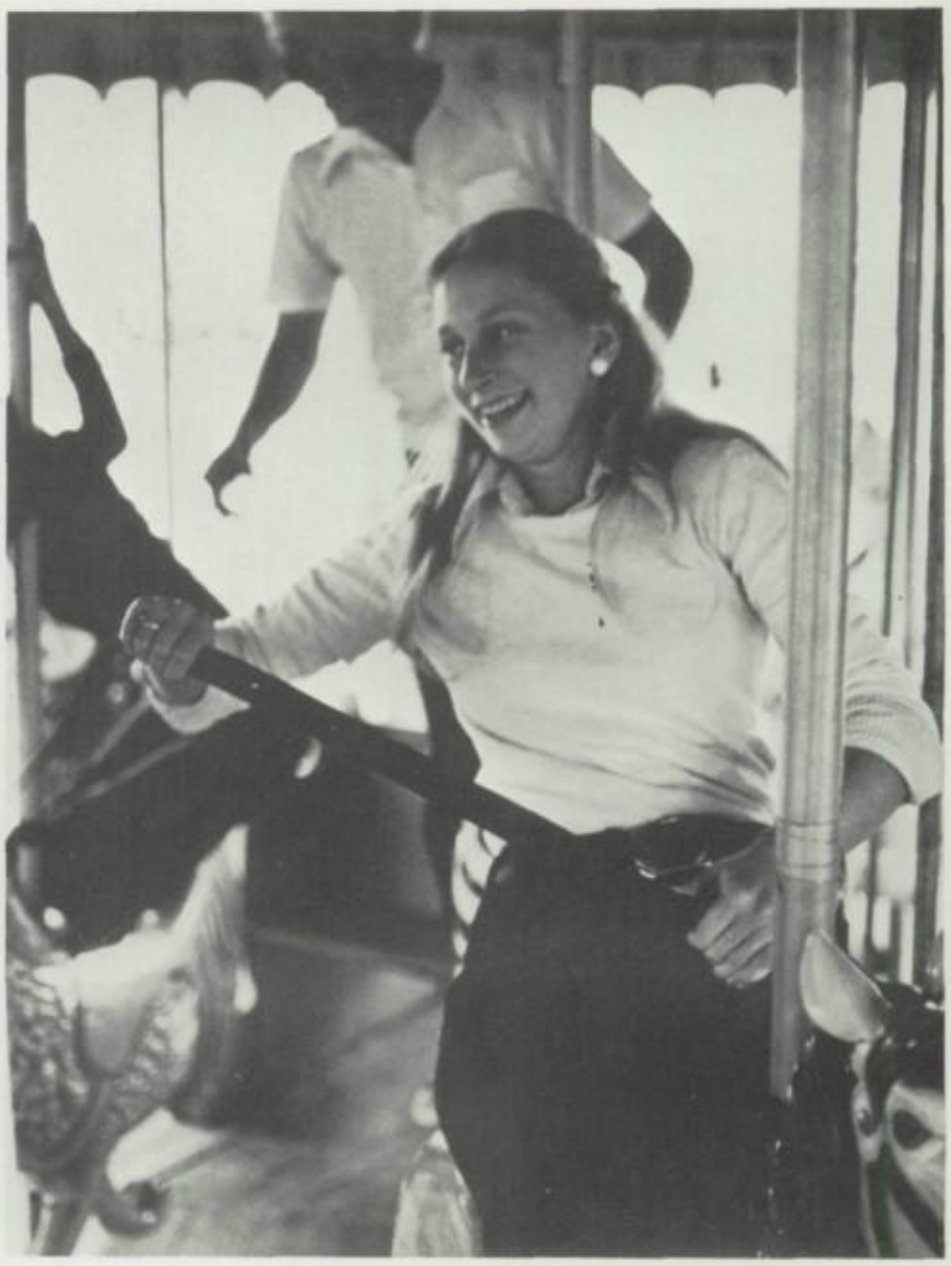
Girls' Week

As usual, East's females proved to be anything but inferior with a week of activities encompassing a lifetime. Personal invites encouraged enthusiasm as the gals tallied their forces in making "anything go." Inhibition was cast aside at an early morning fashion show where the true natural beauties of East were uncovered. Girls' Week offered everything from a sentimental flower delivery, and a spirited slide show, to a wild trike race. Girls got a taste of the other side of the dating scene, while ambitious bachelor arts' students practiced their culinary skills. EHAG subtly, skillfully put together a whole string of memories from yesterday, today . . . forever!

Lagoon Day — Carnival '78

As if spring fever hadn't been enough, summer was on the verge of overpowering, when, just in time Lagoon Day was our legal invitation to go outside and play!

Carnival '78 was the biggest, most extravagant bash of the whole year! There couldn't have been a better "welcoming in" party for the new B of C.



Final Days

After the assembly recapturing an entire year, after Bud received his last standing ovation, after the Class of '78 joined with the S.A.E. in singing the Leopards' Song for the very last time, the Eastonia was gratefully looked at as a vitally tangible form of 1977-78. Frantically, emotionally, we tried to relive and predict, finding that even with our freedom it was hard to let go. But somehow, running six pens out of ink and making numerous promises to "keep in touch" made the step much easier to take.

Commencement '78

It's all over now. The lockers that wouldn't work, the "dream date" that never came along, all those terribly important problems tossed as rocks on the smooth path high school "should" have been. Yet the slip of paper we proudly grasp will not erase these challenges. The rehearsal is over . . . it's time for life!

Graffitti

The Eastonia '78 is done! We're thrilled about its publication and hope you're excited. We also hope you agree that it's a job well done — a book you'll enjoy about a year to remember.

Producing a yearbook takes a lot of
time
energy,
work,
patience.

And there are those who deserve a thank you for contributing so freely of their talents: To dear Blaine and Mar-Jean for putting up with a hysterical staff who spent hours in the "Eastonia Room" and late night calls from photographers. Their humor, patience, support helped see us through the deadlines. To Adam, Brigham, Emily, Nathan and Betsy for managing to make the "Eastonia Room" just a little more cluttered. And, of course, to Jennifer. Her fantastic creativeness and loyal dedication to EASTONIA has produced a yearbook that is unbeatable. (At least, that's what we think.) Her sights were set high and when she said, "Okay. Fine.," we were pretty sure everything would be just that.

Thanks to the good 'ole staff. Their diligence, combined with an expertise for indexing and filing, contributed greatly. For great copy, which we sometimes wondered just what it meant, true "leopard" journalist words that filled the senior section, photographers — who with just a little prompting, provided us with photos that fill these pages; we say, "You done good."

Now that it's all over, we can reminisce back at Zingers, yogurt and Fanta eaten at 2:30 a.m. We remember aching sides we got from laughing whenever Tony was around. mmm . . . o.k. WHAT? The never-ending ads and index that Jenny-Baby covered with liquid paper, the "Publications Prom" — OK, today we will talk about not talking about the yearbook. The hamster is loose! We're out of Quad-Paks; call Jay Ward! Let's do this again next year, o.k.?

Our thanks to EAST HIGH 1978, a year you made the impressions.

The consciousness of being loved softens the keenest pang,
Even at the moment of parting; yea, even the eternal
farewell is robbed of half its bitterness
When uttered in accents that breathe love to the last sigh.

The tide rushes in and covers my footprints,
Leaving the sand fresh for another adventure.
The sand can be washed away, but the memory
Will always be imprinted in my mind, my soul
I, like water, will flow forever grasping
The impressions I pick up along the way.

I like Life cereal too!
stay the neat person you
are! See ya next year.

What a year! What else can I say. We really raised hell down at the 'ol school. I'm sooo glad. No more Stowell!
No more MILEAGE. I'll be playing some erotic soccer
as you struggle through an agonizing 3 miler, or suffering
your way thrugh a 2 miler on an exciting track! Well
we should reincarnate this Cross! Or maybe 3 times. Poor
Mormons will have to watch out as we go out on our rampage.
I really enjoyed this year - thant to the tolerance of all
you guys and I'm sure we can be even more insane
next year. We'll have to melt Pete's Locker Shut
this time!
Doug Smith

Mikie:
Its been the best of

brightened up the whole
year for when you talk
